***Allowable Subject Matter***

Claims 1 – 9 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the limitation **only that participant not addressed so far, which does not detect any current or merely detects a current which is smaller than a predeterminable first threshold value, is identified as a participant not addressed so far**, when read within the remainder of the claim, makes claim 1 allowable over the prior art. Claims 2 – 9 are allowed based upon their dependency to claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
